

AIREZ **ATLAS**™

Atmospheric Telemetry Layer for Awareness & Safety

THE ENVIRONMENT IS PART OF THE EVENT.

Weather data tells you what's happening outside.
ATLAS helps AIREZ understand what those
conditions mean to everything else it sees,
hears and senses.

NO MOVING PARTS

Solid-state, all-weather
measurement

SEVERE-COLD OPTION

Internal heater available
for cold climates

IP65 PROTECTION

Built for exposed
outdoor deployment

LOW-POWER + CONFIGURABLE

1.7 W design with selectable
sensor combinations

CHEMICAL EVENT DETECTED

**DON'T JUST MONITOR THE WEATHER.
UNDERSTAND HOW THE ENVIRONMENT CHANGES THE MISSION.**
